Dear Bishop Community,

We present to you the results of our very first Bishop Community Cleanup Day, which took place on January 26, 2013.

As you may have heard, on that chilly Saturday, *over 50 parents, staff, and neighbors worked inside the school -- cleaning, dusting, vacuuming, spackling, and painting.* The 4th grade classrooms now have *cubbies*, the gym has a new *secure storage* area under the stage, and the administrative office has *new carpet*. Overall, the day was a tremendous success, where just about every space in the school was cleaned and spruced up.

We are ever grateful to the many businesses that helped with this endeavor:

We owe a tremendous ***Thank You*** to every parent, teacher, staff member, and neighbor who came to help us that day. With your help, we are hopeful to turn this event into a regular event at the school.

We have collected the article which ran in the Arlington Advocate on February 7, some of the many of thank you notes from the students and teachers, as well as business information from several sponsors. Enjoy.

Yours Truly,
